MEMORANDUM FOR CHIEFS, WE, EE, NEA, PY

SUBJECT: Special Task Assignment for PSB (Inventory of Cold War Weapons)

GENERAL INFORMATION AND INSTRUCTIONS

The Psychological Strategy Board has organized several panels to undertake basic surveys. A task group is inventorying the cold war weapons as a check list for the use of intelligence and analysis task groups to assess the vulnerabilities of the USSR and its satellites to the application by the U.S. of its cold war weapons.

To broaden the basic data it has been necessary to conduct a preliminary survey of selected fields of endeavor wherein cold war weapons (programs) or potentialities exist, viz.:

- | | | | | |
|---------|---------------|---------|--|---------|
| 25X1A9a | Agriculture | 25X1A9a | Culture | 25X1A9a |
| | Economic | | Government (political, legislative, international organizations) | |
| | Education | | Communications (psychological media) | |
| | Entertainment | | Professions | |
| | Military | | Labor | |
| | Science | | Political Action Groups | |
| | Religion | | | |

It is recognized that there are limitations on the competence of most individuals, not primary specialists in these fields, to prepare a paper with any finality. In addition, the element of time will mitigate against a comprehensive compilation. The requirement, however, is to draw up a preliminary paper which can be utilized as background for other working elements and which can be assigned to specialists if an expanded scope is warranted. The assistance of the various elements in OPC is solicited in order to obtain an initial product.

Enclosed is a sample format which includes the problem components. Attached also is an enclosure for general information, which lists the cold war weapons and techniques pertinent to the broad fields. There obviously will be a cross relation of these means into the special fields listed above. The covert requirement is listed as a supplementary enclosure and should be so prepared (Paragraph 2 X.) in order that it can receive special or restricted handling.

It is desired that an initial outline be prepared in order that a group discussion and review may be conducted at 1330, 1 October 1951.
